These program guidelines must be used in conjunction with the [General Guidelines](#).

Purpose of the program

The Manitoba Arts Council's Travel/Professional Development Grant provides support to professional artists, arts administrators, and professional community arts practitioners to attend or participate in activities related to the development of their practice/careers.

Maximum grant: **\$1,200**

Please note: This program encourages applications by individuals who face barriers to equal opportunities. Applicants must identify factors that constitute barriers in order to request additional funding. See General Guidelines for more information.

Eligible applicants

Please refer to the General Guidelines for eligibility criteria relevant to all applicants.

Applicants may receive up to two Travel/ Professional Development Grants within a four-year period. The four year period begins on the date of the first award to the applicant.

Eligible projects

Travel funds are available only when the artistic or professional development activity described in the proposal is the main purpose of the trip.

Contact the program consultant to discuss your project's relevance, timelines, and eligibility.

Project proposal

Describe your project in detail (who, what, where, when, and how):

- What do you hope to accomplish with this opportunity
- How will this activity contribute to your professional development
- Why it is significant to your career now

Please note: Quick Response applicants must justify why the application is time sensitive and should be considered for quick response.

Eligible costs

Applicants may apply for up to 50% of eligible expenses for each project. It is expected that the applicant will help finance the project through a personal contribution, other sources of funding, or both.

- travel expenses
- registration fees
- accommodation and daily living expenses incurred while residing away from home
- additional costs to be incurred through the project as a result of identified barriers

Ineligible projects and costs

- projects eligible for support from other Manitoba Arts Council programs
- group travel
- presentations by academics of papers at academic conferences
- membership dues for professional associations

Support Material

Support material is not required and will not be forwarded to the assessment panel.

Assessment

Travel/Professional Development Grants are assessed by a multi-disciplinary panel of peer assessors.

Assessment will be based on the program's purpose and criteria, the relevance and significance of this opportunity to the applicant's current professional career development, and on available funds.

If the relevance and significance of the activity are deemed equal between two applications, the application from outside Winnipeg's perimeter will be given preference for funding.
