NOTES: All numbers reflect applications processed during the 2022-2023 fiscal year. For more information see: artscouncil.mb.ca/grants/grant-results/. Data about self-identification of MAC applicants is based on profile information shared by individual applicants on a strictly voluntary basis. This information is not available to assessors who review applications. Because sharing this information with MAC is optional, we do not have a complete picture of the diversity represented by the applicants and we may be underestimating the true number of applicants in these categories. 1. This number does not include monies received from rescinded grants. 2. This includes all grants awarded to individual professional artists, Indigenous Knowledge Keepers, arts/cultural professionals, and students of the arts. 3. Based on 341 awards made to individuals in 2022-2023 of which 147 went to BIPOC applicants (including 75 awards to First Nations, Métis, or Inuit applicants), 70 went to applicants who are D/deaf or living with a disability, 39 went to Francophone applicants, and 65 went to 2SLGBTQ+ applicants. 4. This number does not include an additional 49 applications that were submitted but not presented to a jury for assessment because they were withdrawn by the applicant or deemed ineligible. 5. Based on postal code, following the classification used by Canada Post, with postal codes starting with R2 or R3 reserved for Winnipeg.

Statistical Overview

During the 2022-2023 fiscal year, the Manitoba Arts Council reviewed 1191 grant applications, down from 1671 in 2021-2022. Half of the applications (50 per cent) were successful. The total requested amount was \$18.03 million, and \$11.1 million was awarded. The decrease in the number of applications in this year compared to last year is directly related to the discontinuation of the Arts and Cultural Sustainability Funds (ACSF), which was an extraordinary investment made by the government of Manitoba and delivered by the Manitoba Arts Council in 2021-2022.

This report first breaks down the grants that were made by applicant type, granting program, and region. Next, we present a summary of granting for individual applicants in different priority and age groups. Last, we offer an overview of the peer assessors who reviewed applications during the 2022-2023 year.

Table 1: Applications by applicant type

MAC receives applications from individuals, groups, and organizations, along with a small number of nominations submitted by people who are not eligible to apply for grants. Among individuals, over half of the applications (61%) were submitted by professional artists. Among organizations, most applications are submitted by professional arts organizations and clients enrolled in the Support-Operate program.

Overall and due to the ACSF program in 2021-2022, the majority of applicant categories have seen a decline in 2022-2023 in the numbers of applications, awarded applications, requested amount and awarded amount.

For each category, the table shows the number of applications and awards, as well the percentage of applications that were successful ('Award rate'). The right-most two columns show the total amount requested and awarded. In each column, the number in parentheses shows the change from 2021-2022.

Table 2: Applications by program

MAC receives applications for operating support (through the Support-Operate program) as well as applications for project grants and nominations for prizes. In this year, former Arts Branch Operating clients were consolidated into MAC's Support-Operate program, which accounts for the increase in this program.

The three Indigenous 360 programs (Create, Learn and Share) were consolidated into one program for the second cycle in 2022-2023.

The Create, Travel/PD, and Artists in Schools programs had an increase in application numbers compared to 2021-2022, which corresponded to a decrease in award rate. This can be attributed to the easing of pandemic restrictions in 2022-2023.

PROGRAM	APPLI-CATIONS	AWARDS	AWARD RATE	REQUESTED AMOUNT	AWARDED AMOUNT

For each program, the table shows the number of applications and awards, as well the percentage of applications that were successful ('Award rate'). The right-most two columns show the total amount requested and awarded. In each column, the number in parentheses shows the change from 2021-2022.

Table 3: Applications by region

(All applicants)

As a result of the ACSF program in 2021-2022, all the regions have seen a decline in applications submitted in 2022-2023.

About 20% of the applications and 22% of the awards went to applicants located outside of Winnipeg. The amounts awarded to applicants outside of Winnipeg constituted 12% of the total MAC granting budget for 2022-2023. The applications received from “Outside Manitoba” were submitted by Manitoba residents temporarily living outside of the province.

REGION	APPLI- CATIONS	AWARDS	AWARD RATE	REQUESTED AMOUNT	AWARDED AMOUNT
Rural Manitoba	140 (-99)	75 (-91)	54% (-15%)	\$1,042,570 (-\$782K)	\$553,509 (-619K)
Urban centres outside Winnipeg	103 (-79)	56 (-82)	54% (-22%)	\$1,799,164 (-\$859K)	\$789,364 (-\$1172K)
Winnipeg	944 (-294)	461 (-336)	49% (-15%)	\$15,152,239 (-\$10,239K)	\$9,795,311 (-\$9,361K)
Outside Manitoba	4 (-8)	1 (-6)	25% (-33%)	\$42,500 (-\$5K)	\$2,000 (-\$29K)
All regions	1191 (-480)	593 (-515)	50% (-16%)	\$18,036,473 (-\$11,885K)	\$11,140,184 (-\$11,181K)

For each region, the table shows the number of applications and awards, as well the percentage of applications that were successful ('Award rate'). The right-most two columns show the total amount requested and awarded. In each column, the number in parentheses shows the change from 2021-2022. Regions are defined following the classification used by Canada Post, with postal codes starting R0 classified as rural, postal codes starting R2 and R3 reserved for Winnipeg, and postal codes starting R1, R4, R5, R6, R7, R8 and R9 in use for urban centres outside the city of Winnipeg.

The information in the two following tables is based on profile information shared by individual clients on a voluntary basis. This information is not available to assessors who review applications. Because sharing this information with MAC is optional, we do not have a complete picture of the diversity represented by the applicants and may be under reporting the true number of applicants in each category.

Note: aggregate numbers reflecting clients' self-identification may fluctuate from year to year, as clients update the information they share with MAC. The numbers presented in this table are based on the information available at the time when this report was created and may differ from the information that was available when applications were submitted.

Table 4: Applications by priority group

(Individual applicants only)

Data collected through Manipogo, our online granting system allows MAC to track several key performance indicators, including measures of how MAC's granting breaks down for different MAC priority groups. Tables 4 and 5 present an overview of granting for individuals in different priority and age groups. To put this information into context, MAC received a total of 829 applications from individual applicants in 2022-23, and 41% of these were successful.

INDIVIDUAL APPLICANTS WHO ARE ...	APPLI-CATIONS	AWARDS	AWARD RATE	REQUESTED AMOUNT	AWARDED AMOUNT
... Indigenous	170 (+7)	75 (-28)	44% (-19%)	\$1,730,467 (\$343K)	\$907,662 (\$136K)

For each age group, the table shows the number of applications and awards, as well the percentage of applications that were successful ('Award rate'). The right-most two columns show the total amount requested and awarded. In each column, the number in parentheses shows the change from 2021-2022.

Table 6: Assessors

Peer assessment is the cornerstone of MAC’s assessment process, and 170 external assessors participated in the assessment of applications in 2022-2023. MAC aims for critical diversity in assembling its panels, to bring a broad range of perspectives in the assessment of the submitted applications.

CATEGORY	NUMBER OF ASSESSORS
Indigenous assessors	36 (-9)
Assessors who are visible minorities	61 (-4)
Female assessors	92 (+23)
Male assessors	58 (+17)
Non-binary assessors	8 (-5)
Assessors who are Deaf or who live with a disability or mental illness	5 (-11)
Francophone assessors	18 (+8)
Assessors from rural areas in the province	9 (+2)
Assessors from urban centres outside of Winnipeg	9 (+1)
Assessors from Winnipeg	86 (+31)
Assessor from outside Manitoba	66 (+23)
Assessors born before 1960	18 (+5)
Assessors born between 1960 and 1979	70 (+23)
Assessors born between 1980 and 1989	36 (+3)
Assessors born in 1990 or afterwards	27 (+8)

Note: The number in parentheses shows the change from 2021-2022.

As a result of COVID, almost all panel sessions took place over videoconferencing, allowing MAC to cast a wider net in terms of recruiting expertise from beyond Manitoba’s borders.

Note: Except for geographic location, which is based on postal code, the information aggregated for this table is submitted to MAC voluntarily. Because sharing this information with MAC is optional, we do not have a complete picture of the diversity represented by the assessors and may be under reporting the true number of assessors in each category.
