### Section G - Support Material Instruction

---

*For all applicant types*

---

Support material is one of the most important parts of your grant application. The assessment panel, who decide whether your project will be funded, will view these examples of your work to see the type and quality of art you create. These materials can include writing samples, images, videos, audio recordings, and more.

Support material should be samples of your current or past work, and it should relate to and/or support your proposed project; it may include the work/activities of other key collaborators or partners.

#### **Quantity of support material allowed**

Submit a minimum of one, and up to a maximum of three items of support material.

The following count as **one item**:

up to 5 images **OR**

up to 15 pages of text **OR**

up to 4 minutes of audio or video

For instance, your three items can be a total of 15 images, or 45 pages of text, or 12 minutes of audio/video. But you can also submit a combination of images, text, and recordings, as long as it falls within the limits. Do not submit original work or the only copy you have. Support material will not be returned.

#### **How to submit support material**

Support material may be submitted on a DVD, CD, USB or sent by email to [helpdesk@artscouncil.mb.ca](mailto:helpdesk@artscouncil.mb.ca). For audio/video files, you may also enter a link toward Vimeo, YouTube, SoundCloud or Bandcamp.

If you are submitting digital files, make sure that the file names you provide in the follow form match the names of the digital files you are submitting.

For further details see Support Material Requirements in MAC's General Guidelines.
